Many people today are considering cremation as an alternative to the traditional funeral. It is simply a matter of personal preference.

Several factors are influencing these changing traditions. The cost of service and merchandise at a traditional funeral home causes many people to look for alternative ways of caring for their loved ones and saying good-bye.

Many families just choose to simplify their own traditions in how they observe life's events.

These changing traditions actually mean more choices. Allowing people to say good-bye the way they choose gives families the freedom to celebrate a loved one's life in ways that are more personal and meaningful.

Through Life Tributes Cremation Center, we serve the very specific needs of families who just want a simple cremation disposition.

We also offer assistance with memorial services, video tribute production, an assortment of cremation urns, cremation caskets and memorial gifts. When simple cremation is a personal preference, Life Tributes Cremation Center is the simple and sensible alternative.
